## PARENTS CAN CHOOSE ONE OF TWO PHYSICAL ACTIVITY TRACKS

Thank you for considering Country Life Kids Camp for your child's summer camp experience!

When registering for camp, if your child is eight or older, you can choose which type of physical activities best suits your child. *Both Options will afford every child the opportunity to experience elements of the TRADITIONAL aspects of the "Camp Adventure" including Weekly Themes, and Special Events that allow the campers to truly indulge themselves in wonderful and creative places.*

The "**Instructional Sports**" Fitness Track focuses each morning, for a total of **15 hours per week** of athletics instructed by motivated coaches dedicated to helping children to achieve and succeed, striving to reach personal bests in athletics; mentally, physically, and emotionally.

This fitness track also offers campers the opportunities to increase their skill level and total body conditioning through weekly a Boot Camp Fitness and Agility Training Program that focuses on sport specific movements and muscle groups to allow the athlete to coordinate skills effectively and efficiently. These programs provide your child with the necessary knowledge to proactively measure their fitness levels for a lifetime. The process will entail evaluating and assessing the athlete's baseline measurements at the beginning of the first week and the final week of their participation. Throughout the training weeks they will learn about fitness education, nutrition, and self-evaluations to track their healthy progress to reach their goals. Instructional sports activities focus on developing the whole person through a supportive atmosphere of athletic achievement, and a variety of core character development lessons.

**OR** you can choose "**Cooperative Games**" Fitness Track which is teacher lead, for a total of **3 hrs.** per week for physical activity in a PE environment, the learning goals will be to increase the camper's sense of personal confidence, to develop interactive and cooperative team building skills, to increase their level of physical conditioning, encourage problem solving and decision-making skills and let campers play in a fun and supportive environment without the fear of failure.

The extra time on the traditional side of the camp is academic driven on weekly themes that tie into art and crafts, outdoor education, STREAM.

At Country Life Kids Camp, the mission guides us to prepare our youth for the future by installing in them character, values, leadership, and a moral compass by which to lead their lives.

We're looking forward to a "**Magical Summer**" that installs confidence in your child and creates wonderful memories.

Thank you,
