

Country Life Kids Camp Cancellation & Refund Policy

Country Life Kids Camp makes every effort to provide a safe and fun environment for the campers and the families we serve. We can only provide these services with proper staff in place. Staffing the camp is based on the number of campers who register to attend each day. The camp also incurs additional processing fees for credit card refunds due to cancellations. Based on these facts, please understand the basis for our Cancellation and Refund Policy shown below.

- Cancellations for our Summer Day Camp or Wilderness Club programs made prior to May 1st will result in a \$100 cancellation fee, per child, with the remainder refunded in the form of a check or refund to your credit card.
- Cancellations made after May 1st receive no refund, with the following exception:

If a camper is unable to attend activities for 14 consecutive program days due to illness/injury or COVID-19 quarantine orders, either of which must be documented by a signed physician's statement and/or a health department notice, then the camper's registration may be canceled at the sole discretion of Country Life Kids Camp and subject to a \$100 cancellation fee. If cancellation is permitted, the remainder of the tuition will be refunded back to your credit card.

Please Note: Participants assume risks of all changes in personal health and affairs.
